Corner Box

The Chicken Plucker is a good frame upon which to build a Singing Call or a Hoedown.

But as you could imagine, if not disguised, could become monotonous.

So to make it more interesting, we use
Fractions of the Chicken Plucker, or
Equivalents for parts of the Chicken Plucker, or
We insert **Zeroes** between parts of the Chicken Plucker.
And there can be **other uses** for the Chicken Plucker.

In the next few pages we will explore some of those options.
