

1/2 Chicken Plucker Converting Routine

With the addition of a couple of Basics, you can use a 1/2 Chicken Plucker to convert from one type of Line to it's Opposite Line

ie. **PL to Opp. Line - Opp. Line to PL - CL to RH Lady Line - RH Lady Line to CL**
And many other types of Lines, if you care to name them.

R & L Thru

Put the **R & L Thru** at the **Start** or **End** of this routine, it will give you the opposite type of Line than you had.

The beauty of this is you can have yourself a really neat get-out from say, a RH Lady Line. You can engineer a very easy Corner Line get-in - use the Chicken Plucker Conversion routine and then use your neat RH Lady Line get-out and no-one sees it coming.

Exercise: Write a Get-In and a Get-Out from each of the following:

Partner Line - Opp. Lady Line - Corner Line - RH Lady Line
